

Caro Maurizio,

As we have anticipated in the March Coordinators meeting, we planned a new wave of technical assessment and audit that will be carried out by the Andalusian Agency for Healthcare Quality (ACSA).

Below you can see the list of HCP that have been selected for this year assessment exercise.

Please be reassured that the HCPs have been selected in an objective way respecting a ratio between the magnitude of the Networks and a geographical balance.

ACSA will circulate in the incoming days an email among the interested HCP representatives with the timeline and instructions.
