Workpackage 7: Education, Training and Capacity building

MetabERN

European Reference Network
for Hereditary Metabolic Disorders

SSIEM

Pr. FRANCOIS EYSKENS

CEMA-Centrum Antwerpen - Center of Inherited
Metabolic Diseases CEMA UZA Antwerpen
Belgium

ELIEN RAETS,

clinical psychologist, coordinator of the transition
in the Center of Inherited Metabolic Diseases
CEMA UZA -Belgium

"The presentation is about the startup of the transitional care in CEMA Antwerp, pitfalls and results, followed by the new and improved program/protocol that we are starting up early 2019, inspired by elements from literature and previous experiences."

ANN VERHAEGEN

internal medicine-endocrinology-affiliated with the
Center of Inherited Metabolic Diseases CEMA UZA-
Belgium

"Opportunities and practical problems encountered in the transition from pediatric to adult care: everything from independent adults to multidisciplinary care for adults in childrens bodies and minds."
