Preceptorship Medical Course
Optimising care in MPS disease
Thursday 5th and Friday 6th November 2020

Dear Colleague

We are pleased to invite you to the preceptorship medical course, Optimising Care in MPS Disease at The Nowgen Centre, Manchester Royal Infirmary, United Kingdom.

This one and a half day training course is designed for clinicians and nurses to learn and share the experience within an open and stimulating academic environment. The programme will provide a better understanding of MPS and challenges in patient management that requires a multi-disciplinary approach.

Topics covered will include diagnostics, treatment options and outcomes, disease management, MPS research and biomarkers as well as plenty of opportunity for patient case discussion.

To apply for a place please email Jacqui McAleer, JM Associates who is organising the event for us on jmassociates1@me.com.

There is no cost to attend the training course.

On behalf of our team, we are looking forward to meeting you on Thursday 5th & Friday 6th November 2020 in Manchester.

Kind Regards

Jean Mercer, Clinical Nurse Specialist
The Willink Biochemical Genetics Unit
Genomic Medicine
St Marys Hospital
Manchester

Simon Jones
